Setting up satellite box

In this tutorial you can follow the step by step procedure for configuring a satellite box as TV source for Nero LiquidTV™ .

This is just an example way to proceed. The detailed configurations depend on your provider, your hardware and your requirements.

The following requirements have to be fulfilled:

- You have started the Nero LiquidTV™ Guided Setup
- You have passed the first basic steps

To allocate a tuner to a satellite box TV source and to check the connection of this TV source, proceed as follows:

1. Select the **Satellite box** option in the **Select TV Source** screen.
→ The **Hook up Satellite Box** screen is displayed.
2. Select **Yes, I see video in the window** if you can see the video.
→ The **Satellite Provider** screen is displayed. The satellite providers which are available in your area are listed here.
3. Select your provider.
→ The **Local Channels?** screen is displayed.
4. Select **No** if you don't receive local Channels.
5. The **Satellite Channel Lineup** screen is displayed
6. Click the Select button.
→ Nero LiquidTV™ will ask you how to act with unclear channels.
7. Select the way you want Nero LiquidTV™ to act.
→ The **Premium Channels** screen is displayed.
8. Select **No** if you don't want to receive premium channels.
→ The **Satellite Box Brand** screen is displayed.
9. Select the brand of your satellite box.
→ The **Confirm IR Hookup** screen is displayed.
10. If you require help with the correct connection of your IR transceiver and the IR cable, use the **Help me make sure the IR cable is hooked up** button.
→ The **IR Cable into Computer** screen is displayed and shows you how to connect your IR transceiver and the IR cable. Afterwards the **Satellite "Enter" Button** screen is displayed.
11. Select **No(typical)** if you don't need to press the Enter button on your remote control afterwards you have changed channels.
→ The **Channel Changing Tests** screen is displayed.
12. Select **Press SELECT to continue**.
13. The **Begin First Test** screen is displayed.

- 
14. Select **Begin the Test**.
 - The first test is started. The system will try to switch from channel to channel. The **What Happened?** screen is displayed afterwards.
 15. Select **The channel changed**.
 - You have configured Nero LiquidTV™ for your satellite box.
