Move it

Tutorial
**Upload video to
My Nero**

Uploading Video to My Nero

You can use Nero Move it to synchronize the media files of different devices in a simple and straightforward manner or to exchange data between the PC and a device, between two devices or between online services and a PC/device. If you have service accounts for online services, you can have them displayed as devices in

New to the online service?

If you do not have a user account for the required online service yet, you can set up an account directly from Nero Move it. Clicking the **Sign up to [Online Service]** button establishes a connection to the Internet and opens the corresponding registration form.

To exchange pictures, videos or music files between an online service and your PC, proceed as follows:

1. On the menu bar of the main window, click the **Settings** button.
→ The **Device Settings** window is opened.
2. In the left list, click the icon for the **Online Settings** (globe icon).
→ The **Online Settings** window is opened. You can store your account information; each online service is listed with its own tab here.
3. Click the tab for the required online service.
→ You can now store your account information in order not to have to log on every time that you start Nero Move it.
4. Enable the **Display [online service] as a device** check box.
5. Enter your **User name** and **Password** in the input fields.
6. Click the **Test Login** button.
→ A window notifies you of the successful login.
7. Click the **OK** button.
8. In the lower right area of the window, click the **Apply** and **OK** buttons.
→ The main window is opened.
9. Use the ▲ and ▼ buttons to navigate through the left device list and click the icon for your PC.
→ The container and the workspace for your PC are displayed.
10. Choose the **Music**, **Pictures** or **Video** category in the container area as required.
→ The media files contained are displayed in the respective workspace and any existing subfolders are displayed on the container.
11. Select the required files in the workspace of your PC.
12. Use the ▲ and the ▼ buttons to navigate through the right device list and click the icon for the required online service.
→ The container and the workspace for the online service are displayed.
13. Click the  button.
→ A window is opened.
14. You have to agree the Terms of Use to be able to upload files to the respective online service. To do so, activate the appropriate check box in the lower part of the window.

- 
- The **OK** button is enabled once you have made all the required entries.
15. Click the **OK** button.
- The media files are copied to the right workspace. A window notifies you as soon as the transfer has ended successfully.
 - You have transferred the required files.

Please keep in mind that existing graphics, pictures, videos, music titles or other materials that you may wish to insert or transcribe into projects may be protected by copyright. The unauthorized use of this type of material in your projects may violate the rights of the owner of the copyright. Make sure that you obtain all necessary authorizations from the owner of the copyright.

Unless you own the copyright, have permission from the copyright owner or your actions fall under the "fair use" provisions of copyright law, you may be violating national or international copyright laws. The transcribing, duplication, modification or publication of copyright-protected material may lead to claims for damages and the enforcement of other legal measures against you. If you are unsure of your rights, you should contact your legal advisor.

Nero Move it requires technologies developed by third party manufacturers, some of which are contained in Nero Move it as demo versions. These applications can be activated online free of charge or by sending an activation fax to have unlimited use of the version. Nero will only transmit the data necessary for activation of the technology licensed from third parties. For unlimited use of Nero Move it, it is therefore necessary to have an Internet connection or a fax machine.
